

Battle Plan

1. What's your plan to spend time with him (loving God)?

2. What's your plan to make him known (loving people)?

3. What's your signature sin and your plan to fight back?

YOUR PURPOSE

bring God glory by loving God and loving people. (Matthew 22:36-39)

FEELINGS WE TRY TO FILL

1. **Approval:** we want to be liked, loved, and well thought of by people more than God.
2. **Power:** we want to be admired + respected by others more than God.
3. **Control:** we want circumstances and people to do as we say more than we want to trust God.
4. **Comfort:** we want to experience physical, emotional and spiritual pleasures more than we want to take joy in God.

When you put on the armor of God what you are doing is saying God I'm depending on you for strength realizing that I'm empowered through my union with you in this battle.

Satan will try to distract you from these two things: loving God and loving people.

If the enemy was to take you out with a sin struggle (we are going to call this a signature sin), what would it be? What's your plan for how you are going to go to war?
